It is suitable for inflatables, plastics, fishing and commercial vessels.

Electrical Specifications:

- Frequency range (MHz) 146,0 - 162,5
- Impedance (ohm) 50
- Maximum power (watt) 100
- Gain (DBD / Marine dB) 0/3
- Range SWR <1.5: 1
- Vertical Polarization
- DC shorted Yes

Mechanical specifications:

- Height (m / ft) 1.26/4.13
- Weight (kg / lbs) 0.50/1.1
- Resistance to wind (m / s / mph) 45/101
- Finish Fiberglass- plastic
- Color White
- Range of temp. Operating (° C) -40 @ + 60
